Summary

Full stack Web Developer with a Certificate in Full Stack Development from Southern Methodist University. Possess strengths in problem solving, meeting deadlines, and learning new technologies. Strives to create a flexible product that's easy to navigate, easy to update, and easy to look at. Excited to employ skills and partner with like-minded staff to create and improve websites in innovative ways.

Technical Skills

Languages: Javascript, HTML/CSS, Java
Frameworks: jQuery, React, Bootstrap
Other: Git, Node.js, MySql, MongoDB

Projects

My Wellness Journey | https://github.com/deloabra/project2 | https://project-2-4.herokuapp.com/
- Worked with a team of four to create a full website that saves user info and messages in a MySQL database and allows you to view, change, or add to them.
- Tools used: Express, Express-Handlebars, HTML 5, CSS, Javascript, jQuery, Passport.js.

Pizza App | https://github.com/cswitzer85/project3 | https://pizza-app-p3.herokuapp.com/
- Worked with a team of four to create a proof of concept progressive web app that allows you to sign up/log in and lets you create an order for one or more pizzas.
- Tools used: React, Javascript, HTML/CSS, Passport, MySQL, Sequelize, Bootstrap

Experience

Package Handler   2019-2019
Fedex   Arlington, TX
